

Note from meeting of Tinker Lane CLG held on 12th May 2016 at 7pm in Lound village hall.

Apologies from Bev, Bob, Liz, Rhonda, Anne, Peter.

Helen Wilson introduced as replacement for Tony & Bob who are both standing down from the CLG.

Action – IGas to arrange a planner to attend next CLG and a geologist at the following CLG.

Open day

Christie - Mixed feelings about the first event. The people who attended stayed a good while and asked good questions. Disappointed with the turnout however.

General feeling in the room was that the response was 'pathetic'.

Rob – Some of the positives, the hall and facilities worked brilliantly, Barnby Moor did a great job – very accommodating. IGas, UKOOG were excellent. Jayne did a good piece and overall it was a very professional affair.

1,500 leaflets sent and only 21 people attending was disappointing.

The event at Sutton should benefit from the application probably being in by then.

Tony – Agree with all that's been said. Disappointing turnout but the day was very well presented by both sides of the argument. One thing he picked up on was that people didn't realise that the rig will be taken down once the drilling has finished. Those who came left with a lot of knowledge.

A long conversation ensued about how the CLG can get more people to attend the next event. One particular area that could be improved was the leaflet distribution. How can we make sure that no door gets missed? Could the scouts help or get them distributed along with the Star?

GG confirmed that the CLG could have a paragraph in the next IGas newsletter.

Tracey – it would be reasonable to request from Blyth for cover in the absence of Peter over the next six weeks.

Tracey – Suggested that the CLG keep a diary of engagement activities to show residents how much work is being put into this.

Christie – Need to engage with Ranskill more. Need a new rep on the CLG.

Tony – It is also important to keep a note and show people that we have discussed how to improve engagement.

Action – IGas to follow up request for an independent lawyer to come and give a talk.
